

TURN OF YEAR TO SEE A RELAXATION

Lack of Decision in Stock Movements Reflects Speculative Sentiment.

NEW YORK, December 7.—To-day's stock market narrowed perceptibly in its speculative scope. Market pools operated by fits and starts in chosen stocks. In the body of the market the operations were almost entirely in the hands of the room traders who conducted their transactions with great circumspection. The lack of decision in any of the day's movements reflects accurately the speculative sentiment prevailing for the moment. Enough motives for conservatism are perceived in the probable course of events over the end of the year to prompt a waiting attitude.

The conviction is very general that, whatever slight firmness there may be in the money market, connection with the approach of the end of the year and its numerous requirements, the turn of the year will see a relaxation to even greater extent.

The publication of the government's December 1st estimate of the condition of the winter wheat crop was an event of some importance.

The commencement of dividends at the rate of 4 per cent. on the Wisconsin Central preferred stock was a stimulating factor in keeping alive speculative interest in that class of stocks which have furnished the features of the market for some time past.

Bonds were firm. Total sales, \$1,384,000. United States 2½ per cent. advanced 1-16, 2 per cent. on call. Total sales to-day, 700,000 shares.

NEW YORK, December 7.—Money on call easy, 2½-3 per cent.; ruling rate, 2½-3; closing bid, 2½; offered at 2½-3. Time loans very dull and steady; sixty days, 3 per cent.; ninety days, 3½-4 per cent.; three months, 4½-5 per cent. Close: Prime mercantile paper, 3½-4 to 4½ per cent.; sterling exchange steady with actual business in bankers' bills at \$4.8400 for sixty-day bills and at \$4.8500 for demand; commercial bills, \$4.8400 for sixty-day bills, \$4.81-2 for ninety-day bills, \$4.81-2 for ninety-day bills, \$4.81-2 for ninety-day bills.
